Fresco Freddo's Gelateria offers an explosion of 22 delightful gelato and sorbet flavours that perfectly compliment freshly made crepes and waffles, fine cakes and Naples signature coffee; Kimbo.

Unlike Ice-cream, Gelato is low in fat, has no artificial flavouring and is made with milk not butter cream. Also, while commercial Ice-cream contains as much as 50% air, Gelato contains only 25 to 30%, resulting in a higher quality, denser dessert with a more intense flavour.
